7th Annual **FOA** Rally 4 Recovery

For six years in a row the Annual FOA Rally 4 Recovery has been changing the conversation about addiction from problem to solution. Last year, over 3,000 people attended and 72 community partners were present as a resource to anyone affected by addiction and entire families experiencing recovery together.

For the safety of our community during this challenging time, our signature FOA Rally 4 Recovery is VIRTUAL this year. This event will be packed with information about local and national treatment options, recovery supports and stories filled with hope!

We have had a busy year and we value your support for the rally and also our organization. We now hold weekly meetings in four Ohio counties offering support, friendship and education. In 2019 alone, FOA served more than 155 people weekly providing group and individual support. We are asking for your help to sustain our current programs, provide for growth in new, innovative programming to support long-term recovery, improved phone support including system navigation and resource referrals, and help us transition to a new meeting space.
